

## **Position: Product Manager Digital Wallet**

Coinweb is on a mission to solve blockchain's biggest problems. We're making usable blockchain technology that's more collaborative, better connected, and accessible for everyone. We have a diverse and international team with offices in London, Bangkok, Kyiv and Barcelona.

### **For one of our first DeFi projects, a digital wallet, we are looking for a Product Manager.**

The candidate will be responsible for the further development and improvement of the Digital Wallet, focusing on expanding token-based services. The position reports to the Head of Operations.

We are seeking for this position a Product Manager with experience. The focus is on developing the portfolio and grow the business. You need to enjoy solving problems, be innovative and get the job done. Experience in the fintech/crypto space is a strong plus point.

### **Responsibilities**

- Analysing the market and driving the roadmap
- Price research and setting
- Benchmarking
- 3rd Party discussions with potential partners and customers

### **Qualifications**

- Product Management experience. Ideally 5+ years
- Analytical skills
- Business Case development skills
- Strong command of English
- Strong ability to adapt to a fast-changing environment
- No 9-5 mentality

### **Location**

- Bangkok is the preferred option
- Barcelona and Kyiv are also a possibility
- Remote work is possible on specific days

### **Remuneration**

- Subject to experience and qualifications
- Performance-related bonuses

### **Contact**
